

Injection Machine

Product Description:

A high-pressure injection machine designed for concrete crack injection. It can be used for high-pressure polyurethane grout injection or low-pressure epoxy injection simply by controlling the pressure during injection process.

Advantage:

- High Pressure
- Light weight and easy to carry
- Full range of spare parts
- Easy to maintain
- Local technical team support

Specification:

- Length: 280 mm
- Height: 550 mm
- Width: 200 mm
- Weight: 6.8 Kg
- Brand of electrical drill: Bosch
- Watt of drill: 500W
- Voltage: 240V
- Max Pressure: 12000 psi
- Hose length: 5 m

Spare Parts:

- Piston set
- High pressure injection hose
- On-off valve
- Electrical drill
- Grease head & rubber
